A very dedicated designer, with excellent designing skill, his designs have a very chic and modern allure to theme

Residential

Our goal to design homes that are beautiful and functional, and that reflect each homeowner's own lifestyle and needs. The cornerstone of our design process lies in our attention to detail and dedication to excellence. Each one of our residential projects, reflects the style and authenticity of the owners. From wallpapers, paints, plumbing, false ceiling, POP, to furniture and even curtains and other accessories; we design, and cater to all interior need and solutions.

HOSPITALITY

Hotels, Restaurants, Bars & Lounges, Salons & Spa's etc.
We have handled several upscale Bar & Restaurant interior design projects. Our strength lies in our comprehensive approach to meet our client's needs and in our ways of planning and manufacturing hotel interiors projects. We provide complete interiors and turn-key solutions for hotels. We strive to contribute and create successful, elegant and functional hotels, at unique locations, with a perfect integration of shapes, colours and lights.

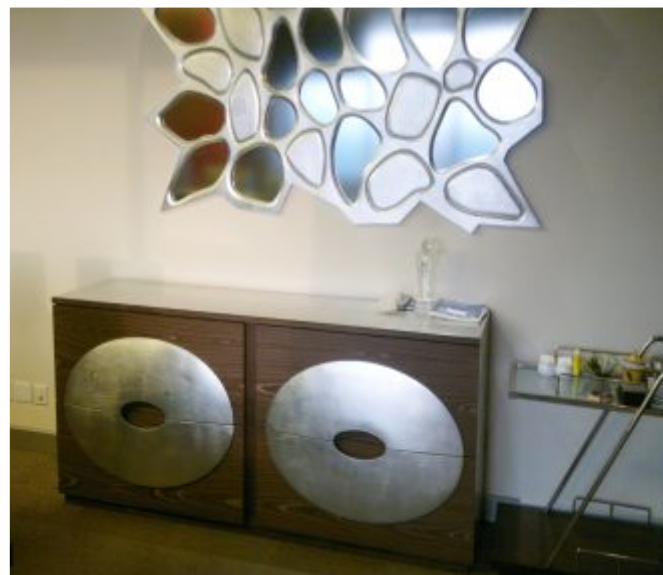

COMMERCIAL & INSTITUTIONAL

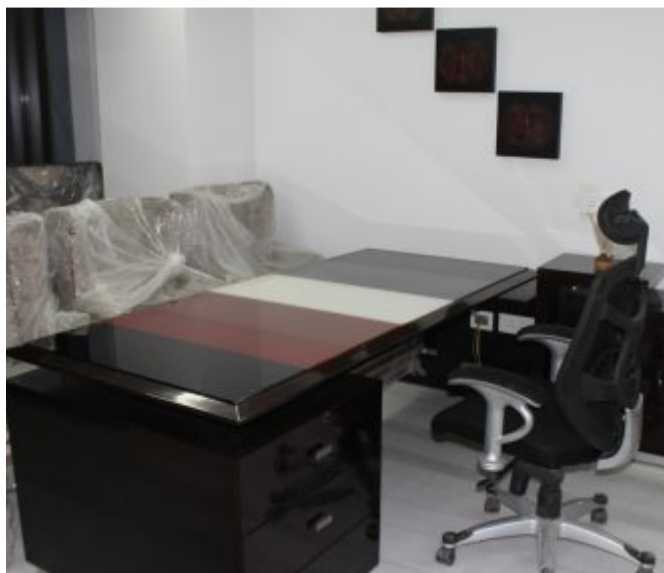

Corporate, Commercial & Educational Institutions.

we understand that our corporate clients commercial facilities not only reflect their brand and identity, but their future vision as well. Our job is to successfully blend corporate/ office interior design into and efficient, productive and attractive working environment.

We also provide creative interior designing services to educational institutes. Our interior designers have strong credentials coupled with creative abilities to provide clients with unique solutions for educational institutes and transform visualizations into actual design.

How We Work

- We undertake contracts for complete building interiors that include conceptual designing, space planning, development and implementation.
- The various activities involved are :
 - Site inspection
 - Technical space planning
 - Furniture layout planning
 - Decoration and accessories
 - LED lighting and energy management
 - Furnishings and décor
 - Scheduling and project management
 - Co-ordination with service agencies
 - Assisting the client in evaluating the suitability of space being considered, budget, renovation costs & determining reasonable completion & occupancy date.
 - Preparing & refining concepts plans, review with various department heads and personnel as appropriate, evaluation & finalizing concept plan.
 - Developing concept boards for color & finish, carpet & flooring (granite, marble, etc.). Fabrics, wall coverings, paints finishes, painting, laminates, veneer, wood finishes and key furnishing styles
 - Co-ordinating with the design team to finalize the furniture design and pattern
 - Manufacturing of furniture as per the design and approval
 - Assembling & installation as per the layout
 - Final décor and installation of accessories

Preparing working drawings, which generally include the following:

Cover sheet showing information and site plan

A. Demolition plan showing walls, flooring and other material to be removed

B. Partition plan showing partition types, sound proofing & doors

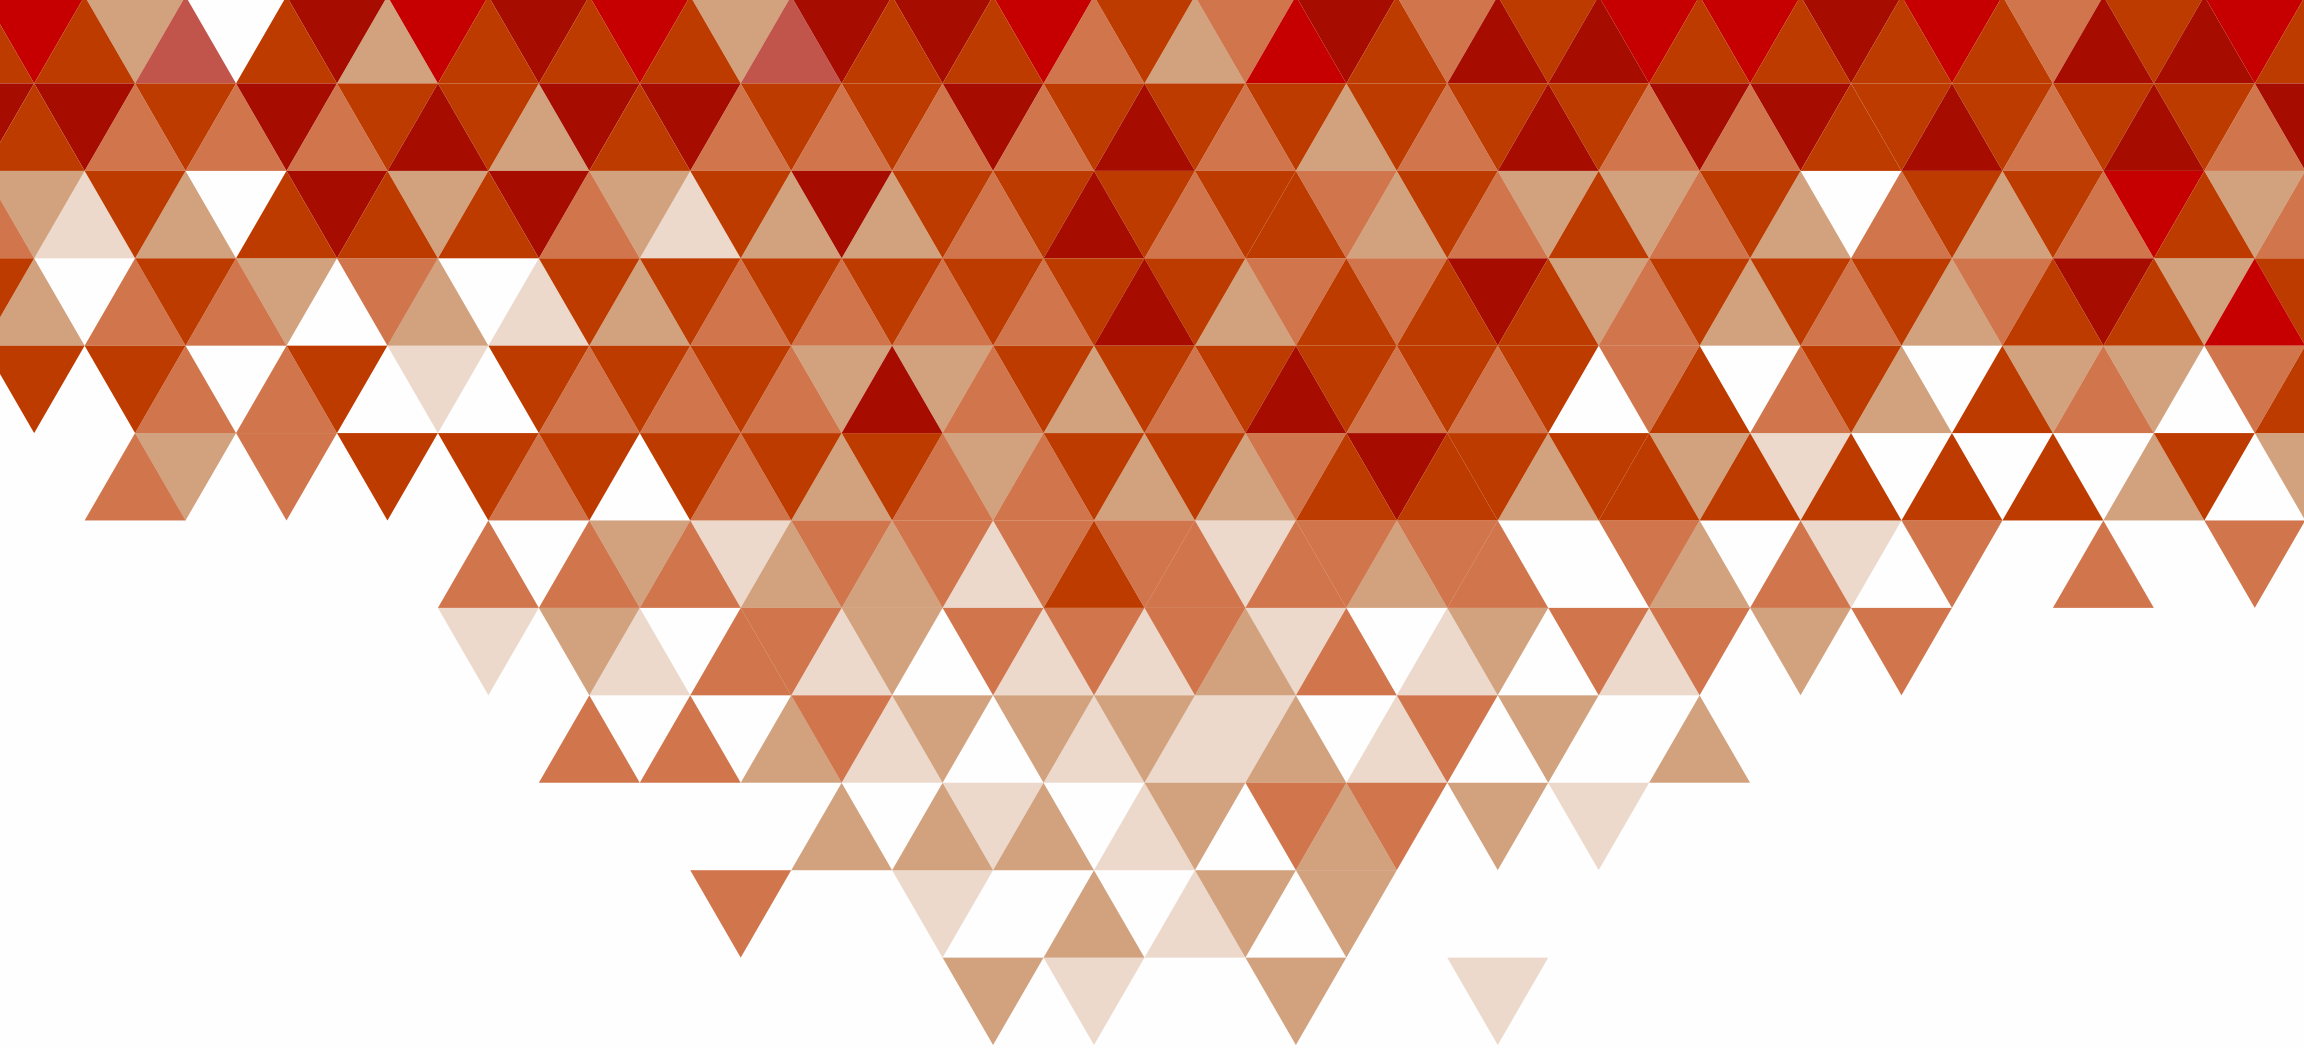

C. Furniture layout, showing typical or actual furniture locations

D. Electrical plan showing outlets for power, lighting, telephone, data & equipment layout

E. Coordinating with HVAC, plumbing, fire automation and other building services agencies

□ Preparing detailed specifications & outlining general contractual conditions, special requirements finishes, hardware & other information required for tendering purposes

□ Conducting a number of initial, interim & final site inspections, preparing cursory site inspections reports, change notices or site instruction as per site requirements
